PERFORMANCE BOND

Whenever Principal shall be, and is declared by County to be, in default under the Contract, the Surety shall promptly either remedy the default, or, if the Contract is terminated by County or the Principal's performance of the Work is discontinued, Surety shall promptly complete the Contract through its agents or independent contractors, subject to acceptance of such agents or independent contractors by County as hereinafter set forth, in accordance with its terms and conditions and to pay and perform all obligations of Principal under the Contract (including, without limitation, all obligations with respect to payment of liquidated damages) less the "Balance of the Contract Price" (as hereinafter defined); subject to the penal amount of this bond as set forth above. The term "Balance of the Contract Price," as used in this paragraph, shall mean the total amount payable to Principal by County under the Contract and any modifications thereto, less the amount previously paid by County to the Principal and less amounts that County is authorized to withhold under the terms of the Contract.

If County determines that completion of the Contract by Surety or its agents or independent contractors must be performed by a lowest responsible bidder selected pursuant to a competitive bidding process, then Surety shall comply with such processes in accordance with the requirements of County and applicable laws. Unless otherwise approved by County, in the exercise of its sole and absolute discretion, Surety shall not utilize Principal in completing performance of the Work.

No right of action shall accrue on this bond to or for the use of any person or entity other than County or its successors or assigns.

In the event any legal proceeding or arbitration is brought upon this bond by County and judgment, or award is entered in favor of County as the prevailing party, Surety shall pay all costs and attorney's fees incurred by the County.

Correspondence or claims relating to this bond shall be sent to Surety at the address set forth below.

Surety, for value received, agrees that no change, extension of time, alteration or addition to the terms of the Contract, or to the work to be performed thereunder, shall in any way impair or affect Surety's obligation under this bond, and Surety does hereby waive notice of any such changes, extensions of time, alterations or additions.

Surety's obligations hereunder are independent of the obligations of any other surety for the performance of the Contract, and suit may be brought against Surety and such other sureties, joint and severally, or against any one or more of them or against less than all of them, without impairing County's rights against the others.

2. NO ORAL AGREEMENTS - No oral agreement or conversation with any officer, agent, or employee of the County, either before or after execution of the Agreement shall affect or modify any of the terms or obligations contained in the Contract Documents. Any changes to the Contract Documents must be in writing and signed by the authorized County representative.

If the Contractor ascertains at any time that requirements of this work are at variance with applicable law, ordinances, regulations or building code requirements, he shall promptly notify the County; and shall not proceed with the work in question, until the County has had an opportunity to determine the responsibility for the variance.

4. LICENSES AND PERMITS - The Contractor, acting in the name of the County, shall obtain and pay in full for all licenses, permits, inspections, inspection certificates and similar documents required to be obtained from any authority having jurisdiction over any part of the work. 5. ACCESS TO THE WORK - The County and its representatives shall have access at all times to the work for purposes of inspection or other matters; and the Contractor shall provide proper facilities for such access.

6. CONTRACTOR WORK HOURS AND SCHEDULING - No work of any kind shall be performed on the project site outside of the regularly established working hours without the knowledge and prior written approval of the County. Full cooperation between the Contractor and the County Project Manager, or his/her staff, will be necessary to complete project properly and on time. The Contractor shall provide the County Project Manager with a daily schedule of activities so the County Manager can plan accordingly.

7. INSPECTION OF THE WORK - All material and workmanship shall be subject to inspection, examination, and test by the County at any and all times during manufacture and/or construction and at any and all places where such manufacture and/or construction are carried on. The County shall have the right to reject defective material and workmanship or require its correction. 9. SEQUENCE OF THE WORK - Prior to starting construction, the Contractor shall submit to the County, for approval, a work schedule which shall show the estimated dates that Contractor plans to be working. The County reserves the right to alter the Contractor's schedule to prevent excessive public nuisance or to expedite construction of specific items. The work shall be planned and executed so that these are kept to a minimum. As the work is approaching 90% completion, a preliminary punch list shall be made, and corrections done. 12. SUPERVISION BY CONTRACTOR - The Contractor shall keep on the work continuously a competent superintendent and assistant who shall be satisfactory to the County. The superintendent shall be qualified to represent the Contractor during all times when the Contractor is not present; and all orders or directions issued to the superintendent by the County shall be as binding as if given to the Contractor personally.
